THREE TOWNS IN DECATUR
COUNTY VISITED BY A
HEAVY STORM.

NO LOSS OF LIFE OCCURS

Two Elevators, Railway Depot and a
Number of Dwelling Houses De-
stroyed at Bayard—Several People
Injured and Much Damage Done at
Van Wert—Three Children Injured
at Weldon.

Des Moines, May 2.—A tornado
struck Bayard, Ia., at 7:30 p. m. Two
elevators, the Chicago, Milwaukee and
St. Paul depot and a number of dwell-
ing houses were destroyed. The agent
of the Chicago, Milwaukee and St.
Paul railway is missing and is sup-
posed to have been killed or injured.
Telegraphic communication with Bay-
ard was paralyzed by the storm. De-
tails of the disaster are difficult to
obtain.

At Van Wert a funnel shaped cloud
dropped down on the town. The high
wind blew down houses and barns and
uprooted large trees. Several people
were reported injured, but none killed.
At Weldon a farmhouse was blown
down and three children were injured.
The tornado was seen from the town
of Leroy, but that town was not in its
path. All the towns mentioned are in
Decatur county.

A special from Perry says that men
sent from there to Bayard to repair
telegraph lines report that no one
was seriously injured. The extent of
the damage to property cannot be
learned.

SIX PERSONS INJURED.

Switch Engine Crashes Into a Street
Car at Milwaukee.

Milwaukee, May 2.—Six persons
were injured in a collision between
a street car on the Vilet street line
and a switch engine at the Clinton
street crossing of the Chicago, Mil-
waukee and St. Paul road.

The accident occurred shortly after
7 o'clock. There is a curve in the
railroad where the accident occurred.
The gates at the crossing were open
and the conductor supposed the cross-
ing was clear. Just as the street car
was near the middle of one of the
tracks a switch engine with a train of
passenger coaches going at a medium
speed crashed into the car, knocking
it off the track and demolishing one
side of it. The momentum also forced
the switch engine off the track quite
a distance without overturning it. The
street car was crowded and it was
only a miracle that many of the pas-
sengers were not killed. The conduc-
tor and motorman of the street car
jumped and escaped injury.

KILLED HIS EMPLOYER.

Lowell (Ind.) Boy Makes a Confession
of Murder.

Hammond, Ind., May 2.—Arthur
Moyer, a 19-year-old Lowell (Ind.) lad,
has confessed that he killed his em-
ployer, Douglas Craft, a farmer, on
April 18. The tragedy, which created
a great sensation, was heightened by
Moyer's former assertions that Craft
had shot him and then committed sui-
cide. Craft lay in the barn where he
was shot for 12 hours without his wife
coming near him. Owing to the fact
that Craft's clothes were not powder
burned Moyer was arrested. He ac-
knowledges that he shot himself in the
arm to carry out the impression that
his employer had tried to murder him.

KILLED IN A QUARREL.

North Dakotan Shot While Searching
for His Wife.

Kenmare, N. D., May 2.—Fred Batz
was shot and instantly killed by C.
Coats. Batz had driven his wife away
from home and she sought protec-
tion at Coats' house. Batz, learning
her whereabouts, visited Coats' place,
when a quarrel ensued, Coats shooting
Batz with a shotgun.

Coats came to Kenmare and sur-
rendered to the authorities. He was
taken to Minot.

Coats is from Iowa and Batz from
Minnesota. Both settled here recently.

INSANE MAN SUICIDES.

Builds a Fire of Railroad Ties and
Jumps into the Burning Pile.

St. Joseph, Mich., May 2.—S. B.
Trombley of Ann Arbor, an insane pa-
tient at East Michigan asylum, Pon-
tiac, Mich., committed suicide by heap-
ing up a pile of ties near a railroad
track in pyramidal shape, setting fire
to them and then throwing himself
head downward into the blazing pile
in such wise that his legs stuck out of
the top. George Rose found the pile
still smoldering, but of the suicide
only the bones of the legs and a por-
tion of the charred trunk remained.

Montana Indian Agent Suspended.

Washington, May 2.—The secretary
of the interior has suspended M. L.
Bridgman, the Indian agent at Fort
Belknap, Mont., as a result of the spe-
cial investigation of charges of irregu-
larities. Special Agent McNichols of
the interior department has been
placed in charge of affairs at the
agency.

OUTLOOK PROMISING.

Pretoria Advances Still Continue to In-
dicate Early Peace.

Pretoria, May 2.—Boer meetings
continue to be held, chiefly in the
Transvaal, to receive the leaders' ex-
planations of the British terms. It
is understood that the heated discus-
sions which have occurred have usu-
ally shown the majority to be in favor
of peace.

It is said that about 200 delegates
will attend the conference to be held
at Vereeniging, Transvaal Colony,
May 15, and that all sections of the
burghers will be thoroughly repre-
sented there. It is expected that a
vote by ballot will be taken at this
conference. It is reported that Gen-
eral Dewet has frankly declared the
British terms to be reasonable and
that it is advisable to accept them,
while General Delarey is said to be
ready to abide by the decision of the
majority. The outlook for peace,
therefore, is promising.

SOUTHERN HOSPITALITY.

Admiral and Mrs. Schley Entertained
at Jackson, Miss.

Jackson, Miss., May 2.—One year
ago Jackson received President Mc-
Kinley as a visitor and 5,000 citizens
of Mississippi came to pay him hom-
age. An equal number gathered in
this city during the day in honor of the
arrival of Admiral Schley and his wife
and the welcome they received was
one of whole souled Southern hospi-
tality.

The city was given over to the dis-
tinguished visitors from the time they
arrived from Memphis until they de-
parted for Meridian, and many persons
came from all parts of the state and
enthusiastically greeted the admiral.

A parade composed of military and
civic organizations traversed the prin-
cipal streets from Smiths park, where
Governor Longino extended a formal
welcome, to which Admiral Schley re-
sponded.

CANNOT WORK MINES.

Montana Supreme Court Enjoins an
Ore Company.

Butte, Mont., May 2.—A special to
The Miner from Helena says: The su-
preme court has issued an order in
the Pennsylvania case in which the
Boston and Montana Mining company
is the plaintiff and the Montana Ore
Purchasing company is defendant, en-
joining the Montana Ore Purchasing
company from working the veins in
the disputed territory known as No. 1
and No. 7, and from working any of
the ground south of the run known as
the Johnston vein in Judge Clancy's
injunction order. This order of the
supreme court further reduces the
district in the mining claims involved
in which Heinze has the privilege of
working under his bond.

RIOTS IN PORTUGAL.

Student Disorders Necessitate Closing
a University.

Lisbon, May 2.—The newspapers
here say that a cabinet crisis is im-
minent.

The student disorders which have
occurred at Coimbra, the capital of
Beira province, have necessitated the
closing of the university there. The
government authorized the rector of
the university to issue a notice or-
dering all students not natives of the
place to quit Coimbra within 48 hours.
Immediately this notice was issued the
students attacked the police, firing
revolvers and throwing stones. Troops
suppressed the disorders and two stu-
dents were wounded, one mortally.

INJUNCTION DISSOLVED.

Pressed Steel Car Company May Ac-
quire a Chicago Plant.

New York, May 2.—An injunction re-
straining the Pressed Steel Car com-
pany from acquiring a large interest
in the Hegewich car plant at Chicago
was dissolved in Jersey City by Vice
Chancellor Stevenson. It was alleged
that the directors proposed paying an
excessive price for the plant of the
Illinois Car and Equipment company.
In dissolving the injunction Vice Chan-
cellor Stevenson declared that no evi-
dence that the directors had acted in
an illegal manner had been presented.
Whether it was a wise venture or not
was for them to decide.

WISCONSIN ORATOR WINS.

Ten Colleges Engage in Interstate Or-
atorical Contest.

St. Paul, May 2.—In the interstate
oratorical contest held at the Central
Presbyterian church, and in which
there were 10 contestants, first honor
was awarded to Oscar Edward Maurer,
Beloit college, Wisconsin; second
place to Frank Brown, Knox college,
Illinois, and third place to Charles A.
Culver, Carleton college, Minnesota.

VICTORIAN CABINET RESIGNS.

Dissatisfied With Australian Govern-
ment and Constitution.

Melbourne, Victoria, May 2.—As an
outcome of dissatisfaction with the
constitution and the government, the
Victorian cabinet has resigned. This
step was taken in order to enable the
premier, Hon. A. J. Peacock, to re-
construct the ministry, and he is now
considering the situation.

Cannot Reach an Agreement.

Duluth, May 2.—A conference here
between representatives of the Lum-
ber carriers' association and the strik-
ing longshoremen resulted in nothing
approaching a settlement. The ves-
selmen explained that under the pres-
ent conditions they could not pay over
50 cents an hour while the strikers
maintained that nothing short of 60
cents would suffice. The meeting
then adjourned.

SHAFFER RE-ELECTED

AGAIN CHOSEN PRESIDENT OF
THE AMALGAMATED AS-
SOCIATION.

GIVEN A GREAT OVATION

Opposition Narrowed Down to Thomas

Williams of Zanesville, O.—Interest-
ing Contest for Assistant Secretary
Tighe's Position—All of the Old
Officers, However, Come Out
Victorious.

Wheeling, W. Va., May 2.—All that
now remains to be done by the Amal-
gamated association is the election of
vice president, the appointment of the
conference committee and the selec-
tion of the next convention city. The
election, which resulted in a decisive
victory for all the present officers was
the principal business of the day. As
forecasted by the Associated Press, the
opposition to President Shaffer cen-
tered their hopes in Thomas Williams
of Zanesville, O., who was the only
opposing candidate. The name of As-
sistant Secretary M. F. Tighe was not
presented, Shaffer was triumphantly
elected, receiving 148 votes to Wil-
liams' 56. When the result was an-
nounced the executive received a
great ovation. It is his fourth term.

Secretary John Williams and Ed-
itor Ben I. Davis of The Amalgamated
Journal were re-elected to their re-
spective positions without opposition.
The most interesting contest was
over the position of M. F. Tighe. Af-
ter taking advantage of some feeling
that had been stirred up against Mr.
Tighe on account of the prominence
he had been given as a possible can-
didate against President Shaffer, the
names of two men were placed in
nomination, Ben Jones of Carnegie
Pa., and Harry Griffiths, of Elwood
City, Pa. Tighe was re-elected by a
handsome majority.

Best of Feeling Prevailed.

Nearly a dozen candidates were put
up for trustees. Two ballots were
necessary, resulting in the re-election
of John E. Taylor and Elias Jenkins.
The third trustee is John C. Hagen of
Piqua, O., who succeeds John Ridd.
The best of feeling seems to prevail
among the delegates and the anti-
Shaffer crowd were just as warm in
their congratulations of President
Shaffer as were his most radical ad-
herents.

The report of the committee on good
of the order contained many important
suggestions which created much dis-
cussion. One of the most interesting
items of business transacted was the
increase in salaries of 20 per cent
given the president, secretary, editor
of The Journal and assistant secre-
tary.

Another matter discussed was the
proposition to add an insurance fea-
ture to the association. The commit-
tee on ways and means reported ad-
versely on this proposition and after
some discussion it was dropped. It
was also decided to make no change
in the location of headquarters.

of the Bettendorf Steel Axle company.

IN SOUTH RUSSIA.

Army Maneuvers Cannot Occur Ow-
ing to Disturbances.

St. Petersburg, May 2.—The seri-
ousness of the situation in South Rus-
sia is apparent from the fact that
Dragomiroff, the governor general of
Kieff, Pocaroff, vice director of the
department of police, and other offi-
cials have joined Von Plehwe, the min-
ister of the interior at Kharkoff.

The Voronez sugar refineries hav-
ing suffered from the outbreak
during which the Duke of Olden-
bourg's estate was dismantled. It now
develops that the agitators who are
chiefly responsible for the spread of
the revolutionary movement among
the hungry peasants, used a curious
political canard to bring the former
serfs and land owners into collision.
A rumor was industriously circulated
that the czar had ordered the lands of
the nobles divided among the emanci-
pated serfs. The peasants thereupon
formed committees, under the com-
mune officials, waited on the land own-
ers and ordered them to vacate the
land withheld from the peasants, chose
the crown agents and proceeded to
distribute the land and moveables,
leaving the nobles from 15 to 20 acres
each. The proceedings, which were
orderly, were conducted with the ut-
most gravity until the authorities in-
terfered. Thereafter there was riot,
arson and devastation.

In military circles it is believed that
the army maneuvers which have been
planned to take place in Orel and
Koursk cannot occur, owing to the
disturbed state of those governments.

Hod Carriers Out at Paterson.

Paterson, N. J., May 2.—All the
union hod carriers in the city have
gone on strike. Practically all work
on buildings has consequently been
halted up as the carpenters are also on
strike. The hod carriers are demand-
ing an increase of 5 cents an hour for
eight hours a day. They have been
receiving 25 cents.

Strike of Laborers and Tinsmiths.

Utica, N. Y., May 2.—About 200 la-
borers, employed as helpers to masons,
carpenters and plumbers in this city,
all members of the Laborers' union,
struck for an increase of wages. Tin-
smiths employed by several firms also
struck for more pay.

Carpenters Want Scale Signed.

Altoona, Pa., May 2.—The scale of
wages recently adopted by the car-
penters' union went into effect and as
a result of contractors refusing to
sign it, 100 carpenters employed by 5
of the 25 contractors in the city
struck.

of their home by two men and robbed
of \$5,000 worth of diamond jewelry.
Mr. Stevens was knocked down, but
was not seriously hurt.

The robbers returned Mrs. Stevens
plain gold wedding ring. They then
made their escape.

Cannot Reach an Agreement.

Duluth, May 2.—A conference here between representatives of the lumber carriers' association and the striking longshoremen resulted in nothing approaching a settlement. The vesselmen explained that under the present conditions they could not pay over 50 cents an hour while the strikers maintained that nothing short of 60 cents would suffice. The meeting then adjourned.

SHAFFER RE-ELECTED

AGAIN CHOSEN PRESIDENT OF THE AMALGAMATED ASSOCIATION.

GIVEN A GREAT OVATION

Opposition Narrowed Down to Thomas Williams of Zanesville, O.—Interest in Contest for Assistant Secretary Tighe's Position—All of the Old Officers, However, Come Out Victorious.

Wheeling, W. Va., May 2.—All that now remains to be done by the Amalgamated association is the election of vice president, the appointment of the conference committee and the selection of the next convention city. The election, which resulted in a decisive victory for all the present officers was the principal business of the day. As foretold by the Associated Press, the opposition to President Shaffer centered their hopes in Thomas Williams of Zanesville, O., who was the only opposing candidate. The name of Assistant Secretary M. F. Tighe was not presented. Shaffer was triumphantly elected, receiving 148 votes to Williams' 56. When the result was announced the executive received a great ovation. It is his fourth term.

Secretary John Williams and Editor Ben I. Davis of The Amalgamated Journal were re-elected to their respective positions without opposition. The most interesting contest was over the position of M. F. Tighe. After taking advantage of some feeling that had been stirred up against Mr. Tighe on account of the prominence he had been given as a possible candidate against President Shaffer, the names of two men were placed in nomination, Ben Jones of Carnegie, Pa., and Harry Griffiths, of Elwood City, Pa. Tighe was re-elected by a handsome majority.

Best of Feeling Prevailed.

Nearly a dozen candidates were put up for trustees. Two ballots were necessary, resulting in the re-election of John E. Taylor and Elias Jenkins. The third trustee is John C. Hagen of Piqua, O., who succeeds John Ridd. The best of feeling seems to prevail among the delegates and the anti-Shaffer crowd were just as warm in their congratulations of President Shaffer as were his most radical adherents.

The report of the committee on good of the order contained many important suggestions which created much discussion. One of the most interesting items of business transacted was the increase in salaries of 20 per cent given the president, secretary, editor of The Journal and assistant secretary.

Another matter discussed was the proposition to add an insurance feature to the association. The committee on ways and means reported adversely on this proposition and after some discussion it was dropped. It was also decided to make no change in the location of headquarters.

LOCAL NEWS NOTES.

Editor Cox went to St. Cloud this afternoon.

A. M. Davis, of Aitkin, was in the city last night.

Rev. J. A. Johnson left this afternoon for Aldrich.

Louis DeMules came in from the south this afternoon.

Mrs. A. Marks and daughter have returned from Duluth.

Rev. N. P. Glemaker returned this afternoon from St. Paul.

Judge Alderman went to the Twin Cities this afternoon on legal business.

A. W. Norton, of Northfield, Minn., is in the city visiting with J. R. Nevers.

David Davis has been granted a pension of \$8 per month by the department.

J. R. Pettis, of the Southern Minnesota Land Co., has gone to Madelia on business.

Rev. Culver has gone to Greenfield, Iowa, to preach until fall and will then go to college again.

Mrs. J. M. Heffner left this afternoon for Merriam Park to visit with relatives for a short time.

The Dixie Jubilee Singers passed through the city this afternoon enroute from Moorhead to Duluth.

C. E. Eastman, editor of the Pioneer and postmaster at Wadena, was in the city between trains today on his way to St. Paul.

Mr. and Mrs. M. Herrghn, of Lanesboro, are guests in the city of Mr. and Mrs. W. H. Meekins and Mr. and Mrs. M. J. Reilly.

Landlord O'Malley, of Aitkin, was in the city last night and took in the performance at the opera house and the Elks blowout afterwards.

The girl who was injured in the Staples telephone exchange yesterday afternoon is better today, although she is still very weak from the electrical shock.

Dr. Rounds, of Brainerd, was at Verndale the first of the week called as council in the case of A. Townsend, who is quite low with Bright's disease.—Staples World.

Miss Cecil M. Shedd was surprised by a party of little friends last evening at 223 Broadway north. Games, music and dancing were indulged in and refreshments were served.

The Southern Minnesota Land Co. has sold 720 acres in Town 44 Range 31 to a crowd of Belgians, from southern Minn., also 280 acres Sec. 23, Town 44 Range 31, to W. H. Bowne, of Algona, Iowa.

Mr. and Mrs. F. F. Bell, of St. Paul, will spend Sunday in this city visiting relatives and friends. Miss Mary Mahoney will return to St. Paul with them to be their guest for two weeks. Mrs. Bell was formerly Miss Agnes Scherman of this city.

Mr. and Mrs. H. C. Miller went to Minneapolis Sunday night and the following day Mrs. Miller submitted to a severe surgical operation. Mr. Miller returned Tuesday and says the operation was successful and she was resting nicely. It will be several weeks, however, before she will be sufficiently recovered to leave her room or be able to come home.—Staples World.

Living in a Crater.

There is no more interesting or curious sight on this earth than the interior of the extinct crater, Aso San, about thirty miles from the city of Kumamoto, in Japan. This peculiar locality is inhabited by 20,000 people, who live and prosper within its vertical wall 800 feet high. The inhabitants rarely make a journey into the outer world, but form, as it were, a little nation by themselves.

Book Plates.

The question of the use of the family coat of arms vexes the American very seriously. Originally all book plates were heraldic. That was in an age when people generally could not read and when the blazon of each family, as shown on wearing apparel or small belongings, was as well known and quickly distinguished as an autograph or photograph today. In the main, it is safe to advise Americans not to use coat armor on their book plates. The uncertainty of the actual right to arms and the extreme difficulty of getting a drawing that one knows is undeniably correct in every detail are strong reasons against its use. Heraldry is too exact a science to admit of liberties, and it is no small achievement to draw the coat of arms with absolute correctness and yet with artistic feeling.

Though it is not very generally practiced, it is legal to copyright the book plate design. At least two plates are so protected in this country. This would seem to leave a door open for those who wish to secure for themselves a personal distinguishing mark, a quasi-heraldry, for the drawing may be in heraldic form as well as in any other.—Century.

Wanted Crude Eggs.

"Bring me crude eggs, shredded wheat biscuits and a glass of milk," said the man on the Boston boat.

"Yes, sah," replied the waiter. "What kind of aigs was them, sah?"

"Crude eggs."

"Yes, sah; yes, sah," repeated the man, walking away with a perplexed expression. Shortly he returned. "We ain't got them aigs, sah, but we's got 'em boiled, fried, poached an' scrambled, very nice, sah."

"No, no," protested the Boston man. "I want them crude, raw."

"Oh," gasped the waiter, "you wants 'em raw?"

"Certainly."

Having brought them, the waiter looked on curiously while the man broke the yolks of the eggs over the shredded biscuit and stirred the whites up in the milk. "Dat's one of dem food cranks," reported the waiter to the next table.—New York Press.

Tree That Turns to Stone.

There is a tree that grows in Mexico called the "chijol," or stone tree. It is of enormous proportions, both in circumference and height. It has a number of branches spreading out widely and carrying leaves of a yellowish green color. The wood is extremely fine and easily worked in a green state. It is not given to either warping or splitting. The most remarkable thing about it is that after being cut the wood gets gradually harder, and in the course of a few years it is absolutely petrified whether left in the open air or buried in the ground. From this timber houses can be built that would in a few years become completely fireproof and would last as though built of stone.

First Railroad Charter.

The first charter ever granted in this country or probably any other for the building of a railroad was granted in 1819 to Henry Drinker by the Pennsylvania legislature for a road of that kind from the Delaware valley to the headwaters of the Lehigh river over the route now occupied by the Delaware, Lackawanna and Western railroad from the Water Gap to Scranton. That was before the days of steam, and the "wagons" that were to be run on the road were to be moved by horse power. That old charter and the rights it conveyed were purchased by the original Delaware and Lackawanna company for \$1,000.

Took the Second Man.

One evening recently a well to do bachelor volunteered to teach a sprightly young widow the game of checkers. He quite overlooked the possibilities of the game.

"There, now; it's still your move," he exclaimed to the lady shortly after the game had commenced. "You have taken only one man, and you are bound to take another."

"Thanks for your advice," said the widow sweetly. "Suppose I take you, then?"

She did subsequently.

A Costly Prayer Book.

Queen Elizabeth used to carry about with her suspended by a chain of pure gold a book called "The Golden Manual of Prayer," a dainty volume of 300 pages, bound in "hammered virgin gold." One side of this costly volume gave a representation of the judgment of Solomon, the other the brazen serpent on the cross in the desert.

ON THE DIAMOND.

Under the caption "A Warm Game" the staples World has the following to say of the Brainerd-Staples game last Sunday:

"The game at this place Sunday afternoon between the local nine and the Brainerd nine was the best ever played on the local diamond, all things considered. The home team scored twice in the first inning but lost the combination after that and seemed contented if they could make a safe hit occasionally.

"The Brainerd boys scored once in the fourth inning and once in the sixth. Either side scored again until the fourteenth inning, when the Brainerd boys crossed the home plate three times, winning by a score of 5 to 2.

The following from the Duluth Herald would indicate that base ball for the season in the Zenith city is certainly dead:

"A number of the base ball enthusiasts refuse to believe that the game was dead till today when there was a scattering of players to catch on with other teams.

"Wilson, the big colored twirler, will go back to the Waseca team, and it is more than likely that Mackay will catch on with the same crowd.

"Kennelly, the first baseman received a wire from Appleton, Wis., last evening, and has left for that place to join one of the fastest independent professional organizations in the northwest.

"Pease, the second baseman signed by Manager Praagh, was just ready to leave Milwaukee for this city, when he received word that the team here had been abandoned on account of opposition to Sunday games.

"Other players in Duluth with regular business will probably join nearby teams. It is said that if Superior will get a fast aggregation together the Duluth patronage will go over there this season.

"Tower, Brainerd, Ely and Ashland are making bids for the Duluth players and it is probable the plan to play only outside games will be abandoned.

"From present indications such a team would only be a second rater and a discredit rather than a credit to Duluth."

NORTH END GOSSIP.

Miss Ada Davis is now teaching our Eagle Lake school, with a full attendance.

Owing to the backwardness of the spring seeding and gardening is greatly delayed.

Eagle Lake ranch is undergoing extensive repairs, and when completed will have double the capacity it formerly had.

A. A. Neiderer has rented his farm to Jonas Buchite and is going to try his luck for a livelihood in Minneapolis this summer.

Sam Buchite and family have returned from Wright county, where they spent a pleasant visit among parents and relatives.

Mr. Anderson has gone to Brainerd to meet his family and introduce them to the beauties of Crow Wing county, especially the North End.

A. M. Davis and family from Council Bluffs, have now been in our midst for a week and have begun to think there are other countries besides Iowa.

The prospects for our local log drives are very slim at present, as the waters are so low that one may cross some of the streams without wetting their feet.

Neighbor Doan started for Maine, but after getting as far as Brainerd changed his mind and returned home again. That's right, Free, there is no place like home.

Emily's store must have a very heavy trade this spring, as they seem to have about all the teams of the two settlements employed freighting goods from Brainerd.

Our local farmers are increasing their acreage by fifty per cent this year. Now for a good crop year and the new settlers can laugh at the grim wolf "poverty."

Neighbor J. Whitney is making great efforts in our town to have our wagon roads established on section or one-fourth section lines, which will be a great improvement.

Once again the inhabitants are spearing the suckers by the club process, and are smoking and salting for summer use. Thus a bountiful God provides for the wants of his children.

Shortly, Dick Posten's camp foreman, is once more up our way with a couple of teams. Now watch the soil turn over, as he is going to try his hand at gardening for the use of next winter's camp.

The Katrine school house had a narrow escape from the fire.

Joe Ruttger has finished plastering and is looking for a painter.

Mr. and Mrs. D. Archibald and Mr. and Mrs. Ruttger called at Katrine last week.

Mr. and Mrs. Jefferson, of Duluth, have returned to their cottage on the lake for the summer.

G. A. Hunt, has been laid up for two weeks, with acute muscular rheumatism, unable at times to feed himself.

In our last items we desired to say the (house) of M. L. Hammett had been quarantined, owing to the illegibility of our hand the word (barn) appeared.

A young man, a former typo in the office of THE DISPATCH, called at Katrine Tuesday, the 29th, with two teams and inquired the way to Aitkin county where he will try farming.

Up to this writing there are no new cases of smallpox reported. We hope there may be no more. It is most unpleasant for neighbors and health officers, and if those placed under restriction feel as though there was a desire to persecute, it is doubly hard for every one.

"Pease, the second baseman signed by Manager Praagh, was just ready to leave Milwaukee for this city, when he received word that the team here had been abandoned on account of opposition to Sunday games.

"Other players in Duluth with regular business will probably join nearby teams. It is said that if Superior will get a fast aggregation together the Duluth patronage will go over there this season.

"Tower, Brainerd, Ely and Ashland are making bids for the Duluth players and it is probable the plan to play only outside games will be abandoned.

"From present indications such a team would only be a second rater and a discredit rather than a credit to Duluth."

Jubilee Singers Got Left.

The Dixie Jubilee Singers did not appear at the First Congregational church last night as they missed the train at Moorhead. It was perhaps a good thing not only for the Y. M. C. Anyone who bought tickets for the Jubilee Concert Co., entertainment can get their money back by calling on Secretary Flickwir.

Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for the last ten days I have felt better than for two years." NORTH END GOSSIP.

Miss Ada Davis is now teaching our Eagle Lake school, with a full attendance.

Owing to the backwardness of the spring seeding and gardening is greatly delayed.

Eagle Lake ranch is undergoing extensive repairs, and when completed will have double the capacity it formerly had.

A. A. Neiderer has rented his farm to Jonas Buchite and is going to try his luck for a livelihood in Minneapolis this summer.

Sam Buchite and family have returned from Wright county, where they spent a pleasant visit among parents and relatives.

Mr. Anderson has gone to Brainerd to meet his family and introduce them to the beauties of Crow Wing county, especially the North End.

A. M. Davis and family from Council Bluff, have now been in our midst for a week and have begun to think there are other countries besides Iowa.

The prospects for our local log drives are very slim at present, as the waters are so low that one may cross some of the streams without wetting their feet.

Neighbor Doan started for Maine, but after getting as far as Brainerd changed his mind and returned home again. That's right, Free, there is no place like home.

Emily's store must have a very heavy trade this spring, as they seem to have about all the teams of the two settlements employed freighting goods from Brainerd.

Our local farmers are increasing their acreage by fifty per cent this year. Now for a good crop year and the new settlers can laugh at the grim wolf "poverty."

Neighbor J. Whitney is making great efforts in our town to have our wagon roads established on section or one-fourth section lines, which will be a great improvement.

Once again the inhabitants are spearing the suckers by the club process, and are smoking and salting for summer use. Thus a bountiful God provides for the wants of his children.

Shorty, Dick Posten's camp foreman, is once more up our way with a couple of teams. Now watch the soil turn over, as he is going to try his hand at gardening for the use of next winter's camp.

A young man, a former typo in the office of THE DISPATCH, called at Katrine Tuesday, the 29th, with two teams and inquired the way to Aitkin county where he will try farming.

Up to this writing there are no new cases of smallpox reported. We hope there may be no more. It is most unpleasant for neighbors and health officers, and if those placed under restriction feel as though there was a desire to persecute, it is doubly hard for every one.

CHARLES KERNER IS MUCH WANTED.

Leaves Home in an Unceremonious Manner and Has not Been Heard From.

HIS WIFE IS VERY ANXIOUS.

When He Left He Had About Seven Hundred Dollars of Nursery Co's Money.

Charles Kerner, whose home is at 701, Ninth street south, is at the present time a much wanted man and if the truth was known perhaps no one is more anxious to find some trace of him than his wife.

As usual in cases of this kind, the man whose absence is causing some little flurry, had good reason for leaving home in an unceremonious manner. The story told to a reporter of The Dispatch by his wife gives the details of Kerner's queer actions.

She said that last Saturday night he left the house and did not come home until Sunday morning. He hung around the house for a time and finally broke into a drawer in which some money was kept and took out some six or seven hundred dollars.

This money belonged to the Jewell Nursery Co., of Lake City, and if it was not for this fact it is not likely that there would be so much consternation about the whereabouts of the gentleman. The company employed Kerner early this winter to travel through the country selling nursery stock. His wife furnished the bond that was required when he secured the employment and of course she will be held for the amount unless the man shows up with the money.

Before he left home he asked his wife to accompany him but she would not go. He is known to have driven from this city to Deerwood.

He left the horse and buggy at Deerwood and took the train to Duluth and that is the last heard of him by his wife.

She at once notified the Jewell Nursery Company and they have written to Sheriff Erickson regarding the matter. Kerner has been a resident of the city for a number of years. He was employed for some time for Cale & Bane in the butcher shop. He is quite a heavy drinker at times and was very much intoxicated Sunday morning when he left home.

HE WAS A PEACHERINE.

Sockless Simpson, of Kansas, is Backed Clear Off the Boards by a Jail Bird in This City.

In the usual rounds of the day Chief Nelson yesterday picked up three or four low foreheaded boys and "trun 'em in" yesterday afternoon for begging on the streets. They all appeared in police court this morning and Judge Blewitt dealt out small cakes of justice which the weary nibs did not enjoy. There was one among the push, however, that took the whole bakery. He gave his name as John Johnson, but when he appeared in court this morning he was a badly dilapidated looking individual.

It seems that he made the bluff after he was put in that he was not fight in his mind and began to do stunts around the corridor of the jail, hoping to frighten some one into the idea of letting him out. The officers remained unmoved, so to make the thing strong his weary raggles with foaming mouth and glaring eyes tore every stitch of clothing off and burned them up. When the alarm was sent in Chief Nelson went over to the jail and his aglets didn't have any more clothes than a jackrabbit. He appeared in court this morning bareheaded and barefooted, but that didn't make any difference, he got fifteen days to think the matter over.

THE GUEST OF ELKS.

Al. G. Field was with the Members of Brainerd Lodge Last Night at Their Meeting.

Last night was the regular meeting night for Brainerd Lodge, B. P. O. E., and the members gathered together after the performance at their hall, having with them Al. G. Field, the big minstrel man. It was an honor for Brainerd lodge to have him present, as he is Grand Esteemed Leading Knight, and is one of the foremost Elks in this country today.

Several fawns were present and it was a great treat to Mr. Field, as he expressed it, to be present at a lodge meeting. They are usually feted a great deal wherever they go, but they seldom get a chance to be present at the regular ceremonials and the initiatory work. While making a few remarks at the meeting Mr. Field complimented the lodge very highly on its excellent quarters and stated that Brainerd was to be congratulated.

After the work a banquet was served in the large dining hall, and besides Mr. Field, who sat at the place of honor, covers were laid at the table for some twelve or fifteen members of the Field minstrels who are Elks.

Over 900,000 Men

In the United States nearly 900,000 men are employed by the railroads. This means that one man in about every 85 of the total population is a "railroader". The army of men required to operate our railways is equal to the standing armies of Europe. The degree of excellence reached by American roads in their development generally, and in their passenger service particularly, is today the wonder of the world. This is exemplified perhaps in no better way than by the perfection of the Milwaukee's Pioneer Limited trains between Chicago and the Twin cities. It is surely a paragon. The private compartment cars run on its train are in great favor with ladies traveling alone or with children and a positive boon to invalids.

BROUGHT TO OLD HOME FOR BURIAL

Remains of the Late George W. Bain Interred At Evergreen Cemetery Today.

WAS A VERY LARGE TURNOUT.

Funeral Services were Conducted at the First M. E. Church with Masonic Rituals

This afternoon the remains of the late George W. Bain, who was killed at Duluth a few days ago, were brought to this city, accompanied by the bereaved widow and children. The funeral party, including a large number of the friends of deceased from Duluth, was met at the train by a large delegation of old time Brainerd friends. The remains were escorted at once to the First M. E. church where they lay in state until the hour of the funeral, 2:30 o'clock.

A large number of the members of the Blue Lodge and the chapter met at Masonic hall at 1:30 o'clock and marched in a body to the church at the appointed hour. Here the services were held, the church being crowded with friends of the family. The floral contributions were profuse and it made a grand spectacle as the casket lay embanked in front of the altar.

The remains were conveyed to the Evergreen cemetery where they were interred. Mr. Bain and the other members of the family have the sincerest sympathy of a large number of friends.

One-fifth of the total population of the United States is directly or indirectly supported by railroads.

The greatest interest in this country is the railroad interest, in which more capital is invested than in any other one line. Equipment represents quite a proportion of the total.

The Milwaukee road, for instance, spent \$250,000.00 in producing the Pioneer Limited trains now running between the Twin cities and Chicago. The inauguration of the Pioneer Limited service on that line marked an era in railroad progress.

MUSIC AND DRAMA.

"WAY DOWN EAST."

"Way Down East," the great New York success which will be at the Brainerd Opera House next Thursday evening May 8, the locale being an abundance of those unique types of character which are supposed to exist thereabouts and nowhere else in this broad land. These homely characteristics are made to appeal strongly to every one, and there is a happy combination of the domestic with the dramatic in the framing of a play that is treated in an original manner preserving the interest until the final curtain. It is to be given with complete scenery, a special company, and mechanical effects that will be shown for the first time on any stage, a production as famous as any given in New York, Chicago and Philadelphia.

Prices: Lower floor \$1, balcony 75c and gallery 50c.

AL. G. FIELD GREATER MINSTRELS.

Last night the attraction at the Brainerd Opera House was the Al. G. Field Greater Minstrels and the S. R. O. sign was brushed off for the time. The house was packed from pit to dome and the great minstrel man's first visit to Brainerd must have left a good impression on him. Nothing too good can be said of their performance, the first part being especially elegant, and those who were not present last night missed a big treat. The performers were all good and the electrical effect when the scene on the Pan-American was raised was magnificent.

STETSON'S "UNCLE TOM."

"Uncle Tom's Cabin". We stand and stare as we see the glaring headlines, and our thoughts quickly wander back to the days of yore—when the gifted authoress, Harriet Beecher Stowe just favored us with her immortal work. The young, the old, the grave, the careless, all at different times have heard or seen the beautiful play depicted on the stage, or have perused the pages of the book. The heard interest is so intense that a magnetic influence seems to assert itself at times and draw us again within the portals of the playhouse to witness these thrilling scenes of Ante Bellum days, and we can safely prophesy that its memory and action will linger with us, as it has done with past generations, affording amusement, pleasure, pathos and instruction for old and young alike.

Colonel Sawyer's great pack of genuine Siberian bloodhounds are beyond question the finest lot of canines of that strain found in this country. They are somewhat larger than our Rocky Mountain lions and much more strongly built, but when aroused or on a trail have all the fleetness and activity of these animals. These famous hounds are touring with Stetson's "Uncle Tom's Cabin" Co. this season, and will appear at the Brainerd opera house on April 9, when this great organization plays here. Watch for the big street parade.

After the work a banquet was served in the large dining hall, and besides Mr. Field, who sat at the place of honor, covers were laid at the table for some twelve or fifteen members of the Field minstrels who are Elks.

NETTLETON,

Palace Hotel.

Special June Term.

Judge McClenahan will hold a special term of court in Brainerd, beginning June 2, 1902, at 9 o'clock a. m., for the issuance of citizens' papers. Those who take out their second papers at this time will be enabled to vote at the fall elections.

Household goods for sale. For particulars apply at 713 Main street, Brainerd.

A DESIRABLE HOME CHEAP.

I have just secured a very desirable little four-room cottage on East Fourth, with lot 50 x 150, nice trees in front yard, one of the finest wells in the city, place also has city water, and room for a nice garden in rear. Place is located on the north side and also near the shops. I can sell it for \$650 and make easy terms. Places of this kind in Brainerd are now about as scarce as hens teeth and the party that gets this one will be lucky.

HAVE CLOSED OUT.

Beach & Son, so Long in Business in this City Expect to go to Rainy Lake Country.

Beach & Son who have been in the grocery business in this city for a number of years in the Columbian block have closed out their stock and will go out of business.

They have not decided definitely what business they will engage in, but think some of going to the Rainy lake country to start in business.

It is rumored that Yerxa Bros., of Minneapolis and St. Paul expect to start in the grocery business at the old Beach & Son location.

Over 900,000 Men

In the United States nearly 900,000 men are employed by the railways. This means that one man in about every 85 of the total population is a "railroader". The army of men required to operate our railways is equal to the standing armies of Europe. The degree of excellence reached by American roads in their development generally, and in their passenger service particularly, is today the wonder of the world. This is exemplified perhaps in no better way than by the perfection of the Milwaukee's Pioneer Limited trains between Chicago and the Twin cities. It is surely a paragon. The private compartment cars run on its train are in great favor with ladies traveling alone or with children and a positive boon to invalids.

BROUGHT TO OLD HOME FOR BURIAL

Remains of the Late George W. Bain Interred At Evergreen Cemetery Today.

WAS A VERY LARGE TURNOUT.

Funeral Services were Conducted at the First M. E. Church with Masonic Rituals

This afternoon the remains of the late George W. Bain, who was killed at Duluth a few days ago, were brought to this city, accompanied by the bereaved widow and children. The funeral party, including a large number of the friends of deceased from Duluth, was met at the train by a large delegation of old time Brainerd friends. The remains were escorted at once to the First M. E. church where they lay in state until the hour of the funeral, 2:30 o'clock.

A large number of the members of the Blue Lodge and the chapter met at Masonic hall at 1:30 o'clock and marched in a body to the church at the appointed hour. Here the services were held, the church being crowded with friends of the family. The floral contributions were profuse and it made a grand spectacle as the casket lay embanked in front of the altar.

The remains were conveyed to the Evergreen cemetery where they were interred. Mr. Bain and the other members of the family have the sincerest sympathy of a large number of friends.

PAINTS FOR POSTERITY.

Freeman Thorp Furnishes Three Portraits For Gallery at the National Capital.

Freeman Thorp, the celebrated portrait painter, who resides in the pine woods at Hubert, a short distance from Brainerd, is stopping in the city for a few days en route from Washington, D. C., to his home. While in the capital city, he painted several portraits of public men, among whom was Secretary Wilson, whose picture will adorn the historical gallery of the department of agriculture. One of former Secretary of State Robert Smith is to go into the gallery of secretaries and one of former Associate Justice Nelson of the supreme court will grace the historical gallery of the court.—Minneapolis Times.

F. E. Potter Goes to Duluth.

Oscar Davidson, formerly of the St. Paul & Duluth, has been appointed chief train dispatcher of the Northern Pacific at St. Paul, vice F. E. Potter, who goes to Duluth as chief dispatcher. Mr. Potter recently came from Grand Forks and succeeded N. S. Mitchell.

One-fifth of the total population of the United States is directly or indirectly supported by railroads.

The greatest interest in this country is the railroad interest, in which more capital is invested than in any other one line. Equipment represents quite a proportion of the total.

The Milwaukee road, for instance, spent \$250,000.00 in producing the Pioneer Limited trains now running between the Twin cities and Chicago. The inauguration of the Pioneer Limited service on that line marked an era in railroad progress.

MUSIC AND DRAMA.

"WAY DOWN EAST."

"Way Down East," the great New York success which will be at the Brainerd Opera House next Thursday evening May 8, the locale being an abundance of those unique types of character which are supposed to exist thereabouts and nowhere else in this broad land. These homely characteristics are made to appeal strongly to every one, and there is a happy combination of the domestic with the dramatic in the framing of a play that is treated in an original manner preserving the interest until the final curtain. It is to be given with complete scenery, a special company, and mechanical effects that will be shown for the first time on any stage, a production as famous as any given in New York, Chicago and Philadelphia.

Prices: Lower floor \$1, balcony 75c and gallery 50c.

AL. G. FIELD GREATER MINSTRELS.

Last night the attraction at the Brainerd Opera House was the Al. G. Field Greater Minstrels and the S. R. O. sign was brushed off for the time. The house was packed from pit to dome and the great minstrel man's first visit to Brainerd must have left a good impression on him. Nothing too good can be said of their performance, the first part being especially elegant, and those who were not present last night missed a big treat. The performers were all good and the electrical effect when the scene on the Pan-American was raised was magnificent.

STETSON'S "UNCLE TOM."

"Uncle Tom's Cabin". We stand and stare as we see the glaring headlines, and our thoughts quickly wander back to the days of yore—when the gifted authoress, Harriet Beecher Stowe just favored us with her immortal work. The young, the old, the grave, the careless, all at different times have heard or seen the beautiful play depicted on the stage, or have perused the pages of the book. The heard interest is so intense that a magnetic influence seems to assert itself at times and draw us again within the portals of the playhouse to witness these thrilling scenes of Ante Bellum days, and we can safely prophesy that its memory and action will linger with us, as it has done with past generations, affording amusement, pleasure, pathos and instruction for old and young alike.

Colonel Sawyer's great pack of genuine Siberian bloodhounds are beyond question the finest lot of canines of that strain found in this country. They are somewhat larger than our Rocky Mountain lions and much more strongly built, but when aroused or on a trail have all the fleetness and activity of these animals. These famous hounds are touring with Stetson's "Uncle Tom's Cabin" Co. this season, and will appear at the Brainerd opera house on April 9, when this great organization plays here. Watch for the big street parade.
